

## **TOYOTA GAZOO Racing Trophy – Info 2/2021**

Dear Participants,

while the first championships have already started their new season, preparations are in full swing for others. Before the starting lights switch to green, we are happy to announce an extension of the TOYOTA GAZOO Racing Trophy to further championships. From now on, participants can also win prize money in the Italian GT Championship (Endurance & Sprint), GT4 Scandinavia and the GT4 South European Series.

Furthermore, we would like to specify one point in the Terms of Participation:

*Participants of the 2021 TOYOTA GAZOO Racing Trophy will be granted a 5 % discount on the list price of all spare parts ordered from TGR-E.*

This 5% discount will be applied to all spare parts purchased off the track. However, we would like to point out that all purchases made via our track support in the GT4 European Series or FFSA GT Championship are not subject to a 5% discount.
